JOB OPPORTUNITIES

DHA Peshawar is looking for experienced and qualified individuals for the following posts on contract basis. Desirous individuals should send their CVs through email at the address given at the end by **25 September 2026**.

Position	Qualification	Experience / Job Description
Site Engineer	Bachelor's Degree in Civil Engineering or Related Field.	<u>Job Summary</u> The Site Engineer is responsible for overseeing on-site construction activities, ensuring work is carried out according to design specifications, safety standards, DHAP Bylaws and project timelines. This role bridges the gap between technical design and on-ground execution, coordinating with contractors and senior concerned. <u>Key Responsibilities:</u> • Supervise daily site operations and ensure compliance with project drawing, specifications, DHAP Bylaws and quality standards. • Monitor projects progress and prepare daily / weekly sites reports for management. • Conduct sites inspections to ensure adherence to safety procedures and regulatory requirements. • Resolve technical issues and provide engineering solutions to site challenges. • Ensure proper documentation of site activities, approvals, and material. • Liaise with consultants/clients for inspections, approvals, and project updates. • Ensure quality control of materials and workmanship throughout the project. <u>Skills & Qualifications</u> • Bachelor's degree in Civil Engineering or related field. • Proven experience in site engineering or site supervision. • Strong understanding of construction methods, materials, and standards. • Ability to read and interpret drawings, plans, and specifications. • Good problem-solving skills and attention to detail. • Strong communication and coordination abilities. • Proficiency in project management tools and MS Office; knowledge of AutoCAD/Revit is an advantage. • Familiarity with safety regulations and quality management practices. <u>Personal Attributes</u> • Strong leadership and teamwork skills. • Ability to work under pressure and meet deadlines. • Proactive, organized, and detail-oriented. • Commitment to safety and quality.

Note: Only short-listed candidates will be called for test / interview. No TA/DA will be admissible for test / interview.
